

Name: _____

Health period: _____

Read and Answer

Read the short passage and answer the 4 questions. Make sure you answer the question at the bottom of the page about who needs the most education.

<http://www.tobaccofreeqc.org/wp-content/uploads/2012/07/whosmokes.pdf>

1. How many teens and preteens start smoking each hour?
2. What has been the percentage decline in adult smokers since 1965?
3. If smoking rates for teens and preteens steadily declines by 20% per year, how many teens who would have otherwise smoked not start smoking in a two year period?
4. Make a graph illustrating one of the statistics detailed above.

Part 2 **5 paragraphs** _____...

Introduction, 3 good, complete, supporting ideas, and a conclusion

- Select a segment of the population (teens, toddlers, senior citizens, Asian-Americans, etc) you feel needs education about smoking issues. Now describe why you selected this group and how you might design a tobacco educational program for them.
